

MALIK MUKTHAR

Cybersecurity Specialist | Ethical Hacker | System Analyst

Email: malik@cybermail.com | GitHub: github.com/malikmukthar | LinkedIn: linkedin.com/in/malikmukthar

PROFILE SUMMARY

Motivated cybersecurity professional with strong expertise in identifying system vulnerabilities, penetration testing, and developing defensive security measures. Passionate about digital safety and building secure network infrastructures.

Technical Skills	Penetration Testing, Network Security, Ethical Hacking, Kali Linux, Metasploit, Wireshark, Python,
-------------------------	--

Professional Experience	
Cybersecurity Analyst – Freelance	2023 – Present
- Performed advanced penetration tests and vulnerability assessments on client systems. - Automated threat detection using Python scripts and open-source tools. - Delivered security awareness training to organizations and student developers.	
Security Intern – CloudSafe Technologies	2024
- Assisted in securing cloud deployments and implementing access control measures. - Monitored network activity and analyzed logs for potential intrusions.	

Education	
B.Sc. Cybersecurity – Kwara State University (KWASU)	2024

Selected Projects	
Network Intrusion Detection System	Developed an IDS using Python and Scapy to detect and
Web App Penetration Testing Toolkit	Created a testing toolkit combining Nmap, Burp Suite, and
